Syllabus
If you can play a short melody from the heart on your Native American Style Flute, you are ready to take this class. For the first session or two we will briefly review beginning skills and solidify techniques. Then we will decide what we’ll do each session. To start, you will need a standard 5 or 6 hole Native American style flute, preferably in the middle range (A minor, G minor, F sharp minor, E minor or D minor).

6 Sessions:  Jan. 15, 22, 29, Feb. 5, 12, 19

Where do we go from here? Some ideas:

Playing to backing tracks
Playing in a circle
Playing duets
Creating songs
Using tab sheets
Playing in harmony
Finding the “hidden” scales
Master class sessions
